DEDICATION

We, the Class of '91, dedicate this yearbook to the school faculty. Their guidance and support through the years have enabled us to prepare for the future. In spite of the school's uncertain future, you remained steadfast in your commitment to our education. For this, the Class of '91 thanks you.

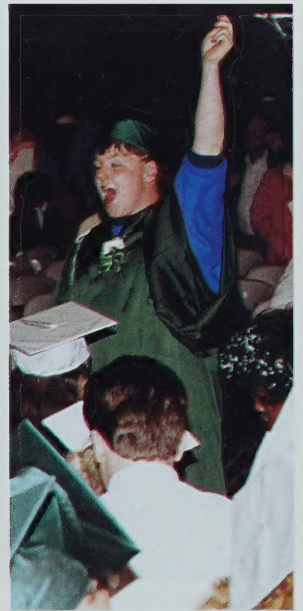

Beth Collins, Advisor

The Class of 1991 would like to extend its appreciation to Ms Collins for all of the time and energy expended as our class advisor. Our senior year was special and happy, and we leave with a lot of fond memories. Thank-you! We'll miss you!

To the Class of 1991

As you look through this book in future years, I hope that it will always serve as a reminder of happy days, youthful experiences, close friendships and a meaningful high school experience. Most of us look through our yearbooks and see faces of people we hardly knew or teachers we never had. You have the luxury and the privilege of knowing every teacher and every person in your class. In the Class of 1991 every person was important; everyone was a shining star.

I doubt if you will ever duplicate the love and closeness you established with each other. That will be something that will remain unique in your memories of high school and the Aggie. Use this experience to grow and learn. Take the confidence and the self-esteem you have developed and use it advantageously.

Collectively and individually you will be remembered fondly. May you be as successful in years to come as you were as the Class of 1991.
